## Parental Support

We believe that parents' attitudes will help their child have a fun, positive experience at swimming lessons. Parents can be particularly helpful with ensuring a positive swimming experience for their child. PARENTS WILL BE ASKED TO SIT IN DESIGNATED AREAS ONLY. A child will sometimes test ways to avoid lessons, such as crying, playing sick or hanging onto the parent. We understand these apprehensions with new situations and the instructors, along with the parents, can work together to help the child overcome these anxieties. Please check our website at [lexingtonky.gov/parks](http://lexingtonky.gov/parks) for more details.

## Swim Team

Swim teams are designed for youth, ages 5 – 15, who enjoy swimming. Anyone who can

pass the Red Cross Level 3 class and meets the age requirement is eligible for this program. Swim teams encourage good sportsmanship and team spirit. Swim team practice begins on June 5 and will conclude with the championship meet in August. Swim meets will be held on Tuesday and Thursday evening, with warm ups at 5:30 pm and the meets beginning at 6 pm. Each swimmer must participate in at least three meets to qualify for the championship meet at the end of the summer. The cost to enroll on team is \$35.

Included in the birthday package are a private party room and hostess for 45 minutes with one hour 30 minutes pool time. Parties are for 1 – 10 children and two adults. A 54 Hole Net Championship that runs in conjunction with the Men's Lexington City Championship. USGA handicaps are used to adjust scores so all players are competing at the same level. In order to keep the competition close no nine hole score will be lower than 34 or 18 hole score of 68. There will be two divisions Handicap A and Handicap B that will be created based on the GHIN HDCP listed at the start of the championship. The field will be cut after 36 holes and the top competitors in each division will compete at Kearney Hill Golf Links for the final round. Those not making the cut will receive a complimentary round at Kearney Hill Golf Links to be used at their discretion. Entry fee is \$70 which includes: Range Balls, Green Fees for three rounds, and Tee Gift (cart not included)

As an additional incentive there will be a team competition that will occur on the side of the regular championship for the Handicap Division. This is not mandatory for entry but if you chose a partner add his name to your entry form and you will compete as a two man team on the side against other teams. The format will be 2 low net scores combined. Again entering the team competition is not necessary to play in the championship nor does it cost more to play, merely recruit someone to play as your team partner. You will not be paired together unless scores dictate, and you are also competing against your partner in the individual competition.

# Recreational Trails

Lexington has many miles of trails which offer a great way to lead a healthier and more active lifestyle

**A Shared Use Trail** is paved and designed for activities such as running and walking as well as higher speed activities like bicycling and skating. They are 10 to 12 feet wide.

**A Walking Trail** is paved and is at least 8 feet wide. For everyone's safety, bicycling and skating at greater than a fast walking speed is not allowed on walking trails.

**Paths** are narrower than 8 feet and may include sidewalks, gravel paths and grass paths.

**Hiking Trails** are generally single person width, natural surface and for pedestrians only. Hiking trails may range from easy (level grades and shorter distances) to difficult (steep grades and/or longer distances).

It is recommended that you select hiking trails appropriate for your level of physical ability.

# Extended School Program

**PLEASE NOTE:** Enrollment in ESP does not enroll you into the Rectrac Software, these programs are completely separate. You **CANNOT** enroll online for ESP.

The Extended School Program (ESP) is a fully licensed program that provides activities for elementary and middle school age children at a reasonable cost. ESP is a cooperative venture of Lexington Parks & Recreation and selected Fayette County Public Schools.

Each ESP school site is administered by a site director who has (or is working toward) a

degree in education, recreation, psychology or a closely related field. Program staff includes school staff, college students and other individuals skilled in various leisure activities. This staff programs the daily activities and provides recreational support. ESP maintains a student to staff ratio of no more than 15:1. All site personnel receive in-service training. All staff must pass criminal records checks and tuberculosis skin tests.

Indoor and outdoor learning activities are provided with time for active play as well as time to relax, read and participate in quiet

activities. Those activities include arts and crafts, recreational games, music, drama, science experiments and nature activities.

Space is extremely limited. Current ESP families should inquire about next year's enrollment at the end of the current school year. The general public can visit our website for downloadable applications. Applications will be accepted by mail **ONLY** beginning Monday, July 9, 2012; anything received before this date will not be processed. For more information please visit our website or call 288-2929.

# Volunteer

Parks & Recreation offers volunteer opportunities for a range of ages and abilities, partnering with individuals or organizations (student, church, business, fraternity/sorority, or club) who are interested in service projects that improve our parks and facilities and allow the volunteer(s) to meet their goals for community service and involvement.

Projects include clearing honeysuckle and other invasive species, landscaping and beautification, re-applying safety surfaces in playgrounds, painting shelters and pavilions, cleaning children's summer camp grounds and facilities at Jacobson Park (Camp Kearney), clearing creek beds of trash and debris, removing overgrown brush from creeks and hiking trails and picking up loose trash. Most projects are completed in four to eight hours and equipment, tools and a site coordinator are often provided.

In addition to service projects, we encourage organizations and neighborhood associations to explore our Adopt-a-Park/Playground/Trail programs and develop an agreement to support the site of your choice on a regular basis three-to-four times per year for a one to three-year period. Other volunteer programs to explore are: Partnerships for Parks, Memorial Program, Contribute to Parks, and Program Support (at the Bell House and with Parks Special Events).

Service opportunities arise with each season, so please feel free to ask about available opportunities throughout the year. Contact Eric Howard, Program Supervisor (288-2984 or [ehoward@lexingtonky.gov](mailto:ehoward@lexingtonky.gov)) or Debbie Holleran (425-2304 or [debbieh@lexingtonky.gov](mailto:debbieh@lexingtonky.gov)).

## BE AWARE ☒

While it's hard to plan for the unexpected, it is important to be aware of the types of disasters that can and do happen in this community. Make sure you have a working weather radio and it's on and listen for tornado watches and warnings. In addition to a weather radio, select two other sources of severe weather information you can access. These can be a television station, radio station, website or an "app" for your cell phone that will give you severe weather alerts. Know the emergency plans at work and your child's school and find out how you'll be contacted in case of emergency.

## MAKE A PLAN ☒

Making a disaster plan is the easiest way to protect your family in case of emergency. Create a family communication plan where each family member contacts the same friend or relative during an emergency.

Establish an out of town contact, friend, or relative that could help contact separated family members.

Plan in advance how you will gather your family and decide where to meet if separated. Chose 3-5 different locations in different directions.

Choose a location, other than a mobile home, to take shelter during a tornado warning.

## GET A KIT ☒

Disasters can strike any where at any time. In the event of a disaster, you want to prepare a kit with enough resources to last up to three days, maybe longer for you and your family. Consider creating two kits, one for home and one for evacuation, if necessary. You'll need a gallon of water per day, per person. Pack a three day supply of non-perishable foods and two or three changes of clothing that's seasonally appropriate. Sleeping bags or blankets are good to have any time of the year..

## GET INVOLVED ☒

There are many volunteer and training opportunities in Lexington that can really make a difference for your community!

Join the Neighborhood Emergency Network to establish a line of communication with various public safety officials.

Contact us to learn how to become a qualified Community Emergency Response Team(CERT).

Lexington is vulnerable to tornadoes, straight-line winds, ice and snow storms, heat waves, flash flooding and earthquakes. Be sure you and your family know what to do in case any of these situations happen.
